**ideal time - Competitions with a time norm, which is called "ideal time". Penalty points for failure to achieve the "ideal time" are not awarded. If the "ideal time" is exceeded, then one penalty point is awarded for each four seconds that have begun. Other errors are evaluated according to table A. The best result will have the athlete whose result – penalty points, the difference between the made time and the "ideal time" – is the smallest. If penalty points and the difference are the same, the best result is for a participant who has not exceeded the ideal time. Other athletes are ranked by penalty points and the time difference between the made time and the "ideal time".*
